LETTER OF TRANSMITTAL

To: The Board of Selectmen and citizens of Thomaston.

Submitted herewith is a report of the operations of your town for the fiscal year January 1, 1974 to December 31, 1974.

The data herein presented are subject to subsequent audit. The annual post audit by the State Department of Audit is in progress but will not be completed in time for use in the report. Copies of the Audit Report will be on file at the Town Office and may be examined if desired.

I wish to express my thanks to the staff, the municipal officials and the citizens for their help, advice and constructive criticism.

Respectfully submitted,
JOHN S. TAYLOR
Town Manager

TOWN MANAGER'S REPORT

1974! It is now history. While it was with us its problems seemed the worst we had ever encountered. In retrospect, dimmed by the passage of time, the outlines are less distinct but the forms are still recognizable. The deep-seated sense of insecurity engendered by national crises and the beginnings of a general recession conspired to make the citizen apprehensive as to his rights and the performance of his government. It seems to follow that as he requires government to serve better he also requires more government services. This combined requirement of more and better creates many problems. It also creates added expense which in turn becomes a serious problem for the taxpayer, particularly in the middle income and fixed income categories.

Again this year much administrative time has been devoted to police personnel matters. Demands for services beyond the capabilities of the department caused intense frustration. Rumor and counter rumor acted to cause tension within the department. Much of the year the personnel consisted of largely untrained men who nevertheless performed well. The resignation of Chief Joseph Cifaldo was received effective Oct. 19, 1974 when it appeared he would be required to attend the Maine Criminal Justice Academy. Chief Cifaldo felt that his age and physical condition would not allow him to fulfill the physical education requirements of the course. After many interviews, Frank H. Elliott of Southwest Harbor was appointed Chief of the department. Chief Elliott brings to the position considerable academic background and much experience both in Maine and elsewhere.

The department is fully manned for the first time in many months. It will, however, continue to operate short-handed as the new personnel fulfill the statutory education requirements which cover twelve week periods. The status of your department in this field is as follows:

Chief Elliott is adequately qualified but plans to continue his educational pursuits as time and courses offered allow.

Patrolman George Rooker completed the basic police school course at the Maine Criminal Justice Academy.

Patrolman Loren Herrick is now in attendance at the Academy.

Patrolman Elson Johnson will be enrolled at the Academy as soon as Patrolman Herrick has completed the course and other considerations are favorable.

In the course of interviews, the municipal officers find our salary structure is such that our department cannot draw and hold qualified men. Although the accompanying graph shows a constant increase in police salaries an increase in personnel is also included. Salary increases are being requested in the 1975 budget in the hope of improving our position in the market.

Other developments in the general area of public safety will be covered in the reports of the Police Chief and Fire Chief.

The new town garage was completed and occupied about mid-summer. All equipment can now be housed and kept at temperatures which assure ease of starting and adequate lubrication. When necessary, the temperature can be raised to de-ice vehicles used in storms, and to dry those which are washed. These items alone are of great value in reducing maintenance costs and prolonging sheet metal life, an important factor in longevity and trade-in value. There is now a place where supplies and small tools can be kept in racks and on shelves and immediately available when needed. Under and over-stocking can be easily noted and supplies better controlled. Transfer of salt and sand supplies to the new location has made a substantial improvement in performance in ice control operations.

The one serious disadvantage is the distance which slow moving equipment must travel to and from jobs. It may be desirable to purchase a suitable trailer at some later date.

Much site work remains to be done. This is planned as fill-in during slack times.

The old town garage was demolished and the lot cleared up and rough graded. It has been suggested that this area be developed for all day parking. Estimates of cost for this work range from \$600.00 for a gravel surface to \$2,000.00 for tar surface, curbing

to control drainage and painting stalls. Approximately 30 cars could be accommodated.

The long delayed improvement of Dexter Street was only partially completed. Once again unavoidable delays caused increased costs and there is still some work to be done. In order to improve sight distance, an average of 4½ feet of ledge was removed from the top of a sharp hill. At one point about 7 feet was removed. Although some persons wish more to be removed, such work appears uneconomical in view of the cost and need, since sight distance has been so greatly improved. Funds in amount of \$5,000.00 are being requested to complete shoulder repair and surfacing of this street.

Bridge Hill, so-called, on the Cushing Road was reconstructed by State crews with State Aid Road funds. Underground drainage was installed, the base material replaced and a hot mix surface was laid. It was hoped that the hill could be eased a little by cutting, but topographic and other considerations made any cut impractical if not impossible. Wadsworth Street from the Railroad overpass to the Georges River bridge was also hot-topped as a part of this project.

A manhole was installed at the western terminus of the sewer on Thatcher Street and the sewer extended 50' to accommodate a new house. A house connection at the work site which had given trouble was also renewed. The manhole will greatly facilitate servicing the entire line: The total cost was \$348.00. A new sewer line was constructed on Roxbury Street between Gleason and Fluker Streets. 660' of 6" asbestos cement pipe was laid with wyes installed to serve both developed and undeveloped lots. Two manholes were also installed. The total cost of this project was \$3,085.00. An allotment of \$6,000.00 was made available.

A new section of the Village Cemetery has been under development for several years. Last summer the lots were laid out and an avenue was based. Surface gravel will be placed this summer and the new section opened for use.

Some items of particular interest which will be placed before the town for discussion and funding include several drainage projects, a study to determine the condition of the sewers and the major sources of storm and ground water entry, extension of public water on Brooklyn Heights, a resolution and an ordinance relative to Federal Flood Insurance and a resolution to allow dialogue with the State Housing Authority concerning subsidized housing. Articles will also be presented requesting authorization for the selectmen to study the feasibility of dredging Thomaston Harbor and the appointment by the Selectmen of a committee to study the Council-Manager form of government.

The sewer study will provide much useful information. Aside from locating sources of infiltration and storm water entry, an accurate map of the system and a log of its condition will be provided. Based on these data a long range plan of replacement and rehabilitation can be developed and budgeted. Means of removing sources of unpolluted drainage can be explored and planned. The efficiency of the treatment plant can be improved, the useful life of the plant extended and the operating costs reduced by removing this unnecessary flow. Financing of this work is planned from reserve funds unexpended when the plant was constructed. State and/or Federal reimbursement may be possible.

For several years residents of a certain area on Brooklyn Heights have been plagued by water supplies of very poor quality. Several of these residents approached the selectmen with a request for an extension of public water service. Studies made by the Camden-Rockland Water Company indicate that the installation cost over and above what the company can invest will be \$13,296.00. The cost of a hydrant for this line will also be included in the first year cost for a total of \$13,692.00. It was felt that there was sufficient need to justify this expenditure and it is presented for consideration.

With increased activity in Thomaston Harbor the matter of space and water for maneuvering and mooring has become a subject of much discussion. In the interest of continued economic progress, the selectmen feel that lines of communication should be maintained with the U.S. Army Engineer Corps with the view

of ultimate development of a harbor dredging program. This would not be an immediate reality but rather something possible in 5 to 10 years. Negotiations with Army Corps of Engineers to have some maintenance work done on the channel seem to have succeeded.

An ever increasing number of citizens have inquired as to the feasibility and practicability of adopting the Council-Manager form of government. Last year serious consideration was given to a plan to study this system. A visit to a town which had recently adopted the Council-Manager form was planned by the Selectmen. Due to conflicting schedules this study had to be abandoned.

While the town meeting form of government can be characterized as the last stronghold of democracy its usefulness seems questionable. At best, 10 to 15 percent of the voters attend. Of these, only some 3 to 5 percent take any active part in discussion and probably less than 1 percent are actually conversant with the business, and assume leadership of the meeting. Many citizens who have problems or questions or suggestions are reluctant to speak in a large meeting and are virtually excluded from participation in decision making. Many consider that the Council-Manager form of government actually brings government closer to the citizens rather than making it more remote. The council is elected by the citizens. Unlike the Selectmen, the Council enacts laws, passes ordinances, decides the nature and extent of the projects to be carried out by the municipality and votes the appropriations to fund these projects. The councilman is a part of the governing body of the municipality with political responsibility to the citizens and authority to defend and implement this responsibility.

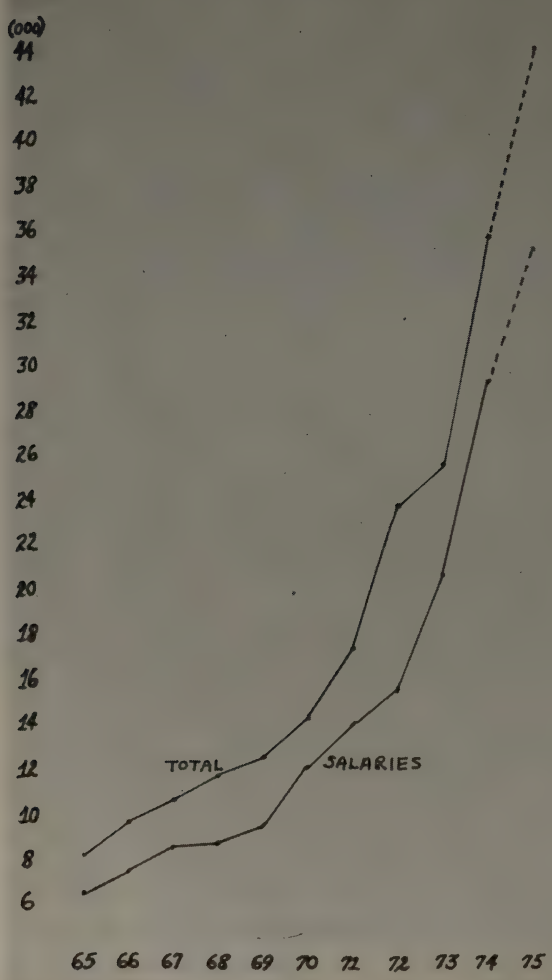

The council, being constantly and intimately involved in the municipal government is constantly informed as to problems, needs and desires of the citizens. Its members can then make decisions based upon knowledge acquired through study and acquaintance with the situations upon which they must act. The council hires and directs the manager in the same way as do the Selectmen. Usually more of the administrative functions are delegated to the manager than at present.

The council-manager plan came into being in 1908. With refinements necessary to changing times it has grown and continues to grow. It is approachable by the citizens, adaptable to their changing needs and accountable to them for its actions. It is not, however, to be adopted without much consideration and study. You are being asked to authorize the selectmen to appoint a committee to make such a study and to report to a special town meeting in August.

Local government control has been and is increasingly under pressure from various forces seeking regionalization or actual take over of functions by county or state agencies. Now, more than ever before, citizens must be active and alert. They must be aware of what their legislators at the state level are proposing and express their opinions on issues. Today, participation in local government is not enough, electing legislators is not enough. Today's citizens must provide in-put to the legislative process at all levels if they are to protect their rights.

ASSESSORS' NOTICE

The Assessors of the Town of Thomaston hereby give notice to all persons liable to taxation in said town that they will be in session at the Town Office in said town, on Tuesday, Wednesday and Thursday, April 8, 9, and 10, at seven o'clock in the evening for the purpose of receiving lists of the polls and estates taxable in said town.

All such persons are hereby notified to make and bring to said Assessors true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, which they were possessed of, or which they held as guardian, executor, administrator, trustee or otherwise, on the first day of April, 1975, and be prepared to make oath to the truth of the same.

When estates of persons deceased have been divided during the past year, or have changed hands from any cause, the executor, administrator, or other persons interested, are hereby warned to give notice of such change and in default of such notice will be held under the law to pay the tax assessed although such estate has been wholly distributed and paid over.

Any person who neglects to comply with this notice will be DOOMED to a tax according to the laws of the State and be barred of the right to make application to the Assessors or County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time hereby appointed.

NOTICE TO VETERANS AND BLIND PERSONS DESIRING EXEMPTIONS

No exemptions on polls and estates shall be allowed in favor of any person who is not a legal resident of the State; provided that any male or female veteran, or blind person, who desires to secure exemption shall, on or before the first day of April, notify in writing the assessors of the cities, towns and plantations in which he or she resides, and furnish proof of entitlement. Such notification once made need not be repeated in subsequent years.

MRSA 1964 - Title 36, Sections 653, 654 as amended.

REPORT OF THE POLICE CHIEF

In my four months as Police Chief, the department has made several changes designed to increase efficient operation.

With the cooperation of the Fire Department, the Town Manager and the Selectmen, a 24 hour dispatcher service has been developed. The telephone for the Police Department has been changed to a private line. The number is now 354-2511.

The department is now connected to the Fire Department stand-by electric system which means that in times of power outage the office still has radio contact with the patrol.

We expect to receive two portable radio transceivers late in May. These have been pending from MLEPAA funds for two years. Direct contact with the patrolmen out of the car will then be possible.

Officer Rooker has completed his training at the Law Enforcement Academy in Waterville. Officer Herrick is presently attending and Officer Elson Johnson is scheduled for the April class.

Our aim is to have a 100% Professional Police Department in order to better serve the community.

Respectfully submitted,
FRANK ELLIOTT
Police Chief

STATISTICAL REPORT

January 1st to December 31st, 1974.

The following report is based on available records.

Arrests:

Motor vehicle	117
Disorderly Conduct	8
Larceny	6
Malicious Mischief	4
Burglary Larceny	3
Assault and Battery	7

Assault and Battery on a Police Officer	2
Giving False Information	2
Concealed Weapon	2
Oral Threat	2
Other Police Department Activity:	
Parking Tickets Issued	302
Defect Tickets Issued	207
Stolen Cars Recovered	4
Doors Found Unlocked	12
Dog Complaints	108
Accidents Investigated	56
Personal Injuries (None Fatal)	18
Property Damage	38
Pedestrian Injuries	0
Court Cases since Nov. 11, 1974 to Dec. 31, 1974	11
Guilty Plea	4
Found Guilty	6
Nolle Prosequi	1

Respectfully submitted,
FRANK H. ELLIOTT
Chief of Police

REPORT OF THE FIRE CHIEF

To the Town Manager, Board of Selectmen, and to the Citizens of Thomaston.

It is my pleasure to present to you, the Report of the Fire Department for the period ending December 31, 1974.

During the period from Jan. 1, 1974 to Dec. 31, 1974 the Department responded to a total of 48 calls, down 21 from last year. They are as follows:

Buildings (structural) 7; Buildings (Non-structural) 2; Chimneys 1; Grass 7; Mutual Aid 2; Out of Town 1; Auto 8; Woods 4; Mobile Homes 2; M.S.P. 1; Oil Burners 2; Electrical 1; Emergency 2; Smoke Investigations 2; Misc. 6.

The Department participated in its annual Auction this year with very good results. From these monies the Department gave out Xmas Baskets and donations to families in need. Also to make a better appearance they have purchased over \$1700.00 in uniforms for the men. They also purchased uniforms for a team in Pee Wee Basketball. Monies were also given to a Scholarship. Recipient of this award was Donald Schwab of St. George.

Five hundred feet of two and one-half inch hose was added to our inventory this year. Also, additional fittings were added. Operators for all equipment doors have been installed. The Dispatchers' office has also been completed, and the ramp resurfaced.

As with other years, our assembly room has been used by other organizations and civic groups.

We have had somewhat of a busy and challenging year. We have adopted a wage scale for the station dispatchers along with programmed duties. The new system has worked very well generally.

We have also taken over dispatching for the Police; this system is working exceptionally well since the 4-2511 telephone has been installed.

I might add that, since Police Chief Elliot has taken over, the relationship between departments has been commendable.

Telephones in the Station are as follows:

For Fire or Emergency	354-2424
For Fire Dept. Business	354-6345
For Town Police	354-2511

Also, a friendly reminder that permits must be acquired for all outside burning.

In concluding this report, I would like to thank all those who aided in Fire Department operations this year.

Respectfully submitted,
GEORGE GRAFTON
Chief

REPORT OF LIBRARY TRUSTEES

Our annual meeting was held Jan. 4, 1974. The Trustees recommended, to the Selectmen, the re-appointment for three years of Percy Williams and Lloyd Beckett. William Vinal was recommended to replace Alfred Strout.

It was necessary to ask for \$1,000. to be raised at the Annual Town Meeting for the support of the library.

Mrs. Richard Hastings was hired as the Assistant Librarian and we also hired a new custodian. He is Rev. William Brown, 159 Main Street. Both are doing an excellent job.

We also intend to honor our By-Laws and grant membership into the library only to residents of Thomaston and to residents that live in towns adjacent to Thomaston. Those people who live in towns adjacent to Thomaston will be required to pay a fee of 50¢ a month.

An Unabridged Dictionary is to be purchased, with money donated, in memory of Mrs. Florence Gardiner, a former Librarian of Thomaston Public Library and also a teacher in town.

New shelves for Paper Backs have been purchased, plus a new metal double faced shelving for the Adult room. A new floor machine has also been purchased.

Members whose term expires in 1975 were recommended to the Selectmen for re-appointment. They are Bowdoin Grafton, Richard Simoneau, Margaret Stone and Rebecca Robertson.

The officers for this year are: President, Bowdoin Grafton; Vice President, Percy Williams; Secretary, Warren Everett; Financial Committee, Bowdoin Grafton, Percy Williams, Richard Simoneau and Richard Ervin; Room Committee, Margaret Stone, Lloyd Beckett and William Vinal; Book Committee, Trustee Elizabeth Shesler, Margaret Stone and Rebecca Robertson; Members-at-large, three years, Lafayette French and Forest Grafton; two years, Mrs. Warren Everett and Robert Stackpole; one year, Mrs. Lester Adams and Mrs. Francis Tillson.

We hope all residents will patronize our library as we have a good selection of books with capable people to assist you.

Respectfully submitted,
BOWDOIN GRAFTON, Pres.
WARREN EVERETT, Sec.

LIBRARIAN'S REPORT

I herewith submit the annual report of the Thomaston Public Library. This report is for eleven months, Feb. 1, 1974 - Dec. 31, 1974. Hereafter, the fiscal year will be from Jan. 1 - Dec. 31 instead of Feb. 1 - Jan. 31, as it has been in the past.

Number of books added to the Library:

By purchase	561
By gift	10
	571

Number of cataloged volumes 14,521

Volumes circulated Feb. 1, 1974 to

Dec. 31, 1974 22,750

Average daily circulation 126

New cards issued 132

Total number of active borrowers 1,286

Working with me this year were: Mrs. Marilyn Hastings, Assistant Librarian; Miss Brenda Sylvester, part time; and Miss Ethel Upham, substitute.

Mrs. Hastings and I attended the Maine Library Association Conference, June 6-7, in Kennebunkport. The certification document was passed at the annual meeting, June 7, and I have received my Librarian-in-Charge certificate. We found the speakers and meetings very informative and interesting.

The excellent exhibits that we enjoyed having on display in our windows were loaned to us by several Grammar School students. We hope to have more this year.

Grade 4, with their teacher, Mrs. Daphne Williams, visited the Library on alternate Thursdays during the school year. The young people are becoming quite proficient in using the card catalog and locating desired books.

The morning and afternoon Sub-Primary classes, with their teacher, Mrs. Priscilla Crockett, visited the Library on May 30 for Story Hours and instructions in borrowing books from the Library. They received applications for library cards.

We had other Story Hours during the year for children, including the Pre-School group that brought and decorated a Christmas tree.

The Library was appropriately decorated for the Christmas season by Mrs. Laurel Weaver and Mrs. Mary Anne Jacobson. The wreaths were donated by the Thomaston Garden Club.

The beautiful floral arrangements that we enjoyed during the year were provided by members of the Garden Club and other friends.

Suggestions for books are most welcome. We strive to provide books for research, education, and recreation for everyone.

I would like to express my sincere thanks and appreciation to my co-workers, the Trustees, Book Committee, and all others who gave so generously of their time and talents, making the Library an asset to the community.

Respectfully submitted,
INA C. KEIZER
Librarian

REPORT OF TREE WARDEN

The following is a report of work done on Thomaston's shade trees for the year 1974:

45 elms removed

8 elms pruned

2 maples removed

Dead and hanging limbs were removed from 18 trees and 13 stumps were cut below ground level.

All elm trees were sprayed to control leaf-eating insects.

There are 542 elms still shading Thomaston's streets. Dutch elm disease is here and constant surveillance is necessary to spot individual trees as they become infected. Removing them as they are spotted will slow the spread of the disease and thus prevent the calamity of mass removal.

Thomaston is a good example of what consistent and constructive programming can achieve toward slowing down the loss of the town's valuable elms, as compared to the irregular and inadequate defense attempted by similar towns suffering far heavier losses.

Respectfully submitted,
HARRY A. GOODRIDGE
Tree Warden

REPORT OF THE BUILDING INSPECTOR

Permits for all types of construction amounted to \$1,741,844.00 - estimated construction cost. These were divided as follows:

Single family residence	23 / \$545,284.00
Multiple family residence	8 / 1,070,000.00
Commercial	5 / 113,260.00
Other	7 / 13,000.00

Accurate records of actual starts are not available but of the single family dwellings at least 7 were not started. These represent \$140,000.00 in estimate cost. Of the multiple dwellings 6 were not started representing \$810,000.00 estimated cost. One commercial building was not started representing \$60,000.00 estimated cost.

The values of single family residential permits run from \$10,000.00 to \$60,000.00 with an average value of \$23,700.00.

Permits are required for all construction and may be obtained at the Town Office.

Respectfully submitted,
JOHN S. TAYLOR
Building Inspector

REPORT OF THE PLUMBING INSPECTOR

Plumbing inspection as a town function began on October 3, 1973. From that date through December 31, 1974, sixty-six permits were issued. The fees for these permits amounted to \$873.00. One third of this amount is paid to the State of Maine. The remainder helps to defray the inspection cost.

Any person doing plumbing must obtain a permit. If work is started without a permit a double fee will be charged. On a large job this is a substantial penalty. Whatever the job, internal plumbing, heating or septic tank installation check the regulations and follow them.

Respectfully submitted,
BOWDOIN L. GRAFTON
Local Plumbing Inspector

REPORT OF THOMASTON PLANNING BOARD

The Thomaston Planning Board met almost weekly this past year. In July, the Comprehensive Plan was presented at a special town meeting, and was accepted by the voters. However, the Land Use Ordinance, presented in December, was defeated. We believe we have made the necessary revisions which are acceptable to the majority of the townspeople.

Regular business brought before the Board by individuals and developers was attended to throughout the year.

Through resignations for various reasons, some changes were made in personnel on the Planning Board. Mrs. Lucy Mayo and Bowdoin Grafton were named as regular members of the Board, and Mrs. Marion Briggs and Karl Brooks were named alternates.

Respectfully submitted,
ARTHUR G. LILIENTHAL
Chairman

REPORT OF MID-COAST HOME HEALTH AGENCY

The Mid-Coast Home Health Agency, in its ninth year of operation, continues to provide nursing and physical therapy services to the citizens of Knox, Lincoln and Waldo Counties.

Referrals received at our office in Rockland are assigned to the staff of five full time and seven part time nurses who live in the three county area. During 1974, our nursing staff was increased from nine to eleven nurses. This year, to meet the increased demand for these services, we have added a registered physical therapist to our staff.

A total of 428 nursing and physical therapy visits were made in your town. In many cases, these visits helped people remain in their own homes rather than their being admitted to a hospital or nursing home.

Our staff traveled over 125,000 miles in the three county area to provide these services to persons of all ages. No one is denied care because of inability to pay.

The Mid-Coast Home Health Agency appreciates the continued financial support from the towns we serve.

Respectfully submitted,
RUSSELL W. BRACE, Chm.
Home Health Advisory Com.
JOHAN BROUWER, M.D.
President-Medical Director

REPORT OF THE THOMASTON HISTORICAL SOCIETY

In the past year the Thomaston Historical Society has gone forward with extensive exterior restoration to the Knox Building. Since the building is of the Federal period, the telegrapher's windows were removed and windows suited to this late 1700 era were installed with the door repositioned. The foundation was secured and new granite steps were installed.

This restoration was made possible through two grants from the Knox Memorial Association instigated by their late past president, John Ruggles Egerton.

The Society is at present in the process of preparing a pictorial manuscript of the F.L.S. Morse papers that focuses much interest on Thomaston's local heritage; the stately old homes of by-gone years.

Second prize was awarded to the Society's 4th of July float depicting an old country store and its annual rummage sale that took place in September was again a success.

The Historical Society's museum in the Watts Block remains open to the public from 2-4 PM on Wednesday throughout June, July and August. The Society is most anxious to preserve all items indigenous to the locality and welcomes all such gifts in an ongoing program to retain Thomaston's historical past.

As our nation's 200th birthday fast approaches, the Society has appointed a bicentennial commission to carry out the plans of the community for this memorable occasion. Still another great challenge awaits the Society's fullest effort in the near future; the anticipation of Thomaston's bicentennial celebration in 1977.

REPORT OF EASTERN MID-COAST REGIONAL PLANNING COMMISSION

The program began in 1973 by the Eastern Mid-Coast Regional Planning Commission to assist member communities on shoreline and other zoning problems as well as in mapping and drawing up comprehensive plans to fulfill State regulations has developed substantially during 1974. The officially adopted "State of Maine Guidelines for Municipal Shoreland Zoning Ordinances" were distributed to the communities and have proven an effective tool in fulfilling statutory requirements.

75% of member towns received specific assistance from the Commission staff during this past year. A series of meetings with Town Managers, Planning Boards, Selectmen, and Conservation Commissions proved very successful.

In addition to regular monthly meetings of the Commission, a great deal of help was given to individual communities through contact with planning board chairmen and municipal officers from the towns in the area. Staff members conducted and/or attended well over 100 meetings with towns, local, state, and federal agencies and specific communities in order to become more informed with planning projects and problems faced by the municipalities.

During this past year, a heavy schedule of Department of Environmental Protection and A-95 Clearinghouse Reviews were handled by the Commission. These included applications for federal and state funds for local projects such as sewage treatment plants, regional medical programs, municipal equipment (such as fire trucks, etc.), site location, subdivision, waste discharge licenses, schools, marine parks and other recreational facilities. The Eastern Mid-Coast Regional Planning Commission has been designated by the State as the official clearinghouse for municipalities and other government bodies, and all funding requests must be channeled through the regional planning commission.

With increasing interest and awareness on the part of the municipalities as to the requirements for solid waste management, a series of meetings are scheduled early next year throughout the area. These will deal with the Statutory requirements for solid waste

management in order to meet the July 15, 1975 deadline imposed by the State.

The Community Planning Team has initiated active committees to assist towns with their individual planning problems. The Team will also provide forums for municipal officers in order that they may discuss their mutual problems.

With an encouraging year of progress in 1974, and a vigorous approach to 1975 already begun, the Eastern Mid-Coast Regional Planning Commission hopes to continue to improve cooperation with all 32 towns in the district. The Board of Directors and the Commission staff wish to take this opportunity to thank all member towns for their cooperation in the work that has been done this year, and the Eastern Mid-Coast Regional Planning Commission pledges its effort to inspire community leadership, to develop aggressive improvement progress, and to maintain high standards of interest and resourcefulness during the coming year.

Respectfully submitted,
EARLE D. PAXMAN, Chm.
PAULINE FAY,
Executive Director

REPORT OF THE THOMASTON RECREATION COMMITTEE OF THE 1974-1975 PROGRAM

The Thomaston Recreation Program which was instituted March 1974 by vote at the Town Meeting resulted in several new programs being initiated for the town's citizens.

The first order of business for the advisory board was to choose a part time recreational director. There were eight applicants. Of these, only five appeared for interviews. Mr. John McMahon was chosen because of his attributes for the position and his enthusiasm.

Under his direction and with a staff consisting of Tracy Lilienthal, Allan Wotton, and Karen Panton, the Summer program involving some 180 children was expanded to include several field days with surrounding communities. There was a swimming program, Little League, Babe Ruth League, a semi pro team and daily playground activities. Some of these events were under the direct supervision of the Director. Others were supervised by interested citizens. The staff was financed in part by the town and in part by Federal Funds.

During the Fall, the first event for the Senior Citizens was held. Among other things this very enthusiastic group decided they would rather be called The Thomaston Square Riggers than senior citizens. They went to Bar Harbor on a bus foliage tour. A winter event took this same group to the South Portland Mall to view the Christmas Lights and to do some secret shopping. In the late Winter a Hobby and Craft show was held by this group at the Weymouth Grange. They even accumulated a small operating fund at this meeting. In the early Spring they are scheduled to go to Boston to visit the New England Horticultural Show in Boston. Although this is rather a long trip, their enthusiasm is high and there will not be an empty bus seat available. They pay part of the expense as they attend these events so that the funds can be stretched further and provide more events. The director has been assisted with this group by interested citizens and shortly it would appear this organization will be able to operate on its own with little attention from the director. This is as planned. It will enable him to expand the activities even more to include other groups.

A Pee Wee basketball league was formed and operated during the Winter. Through the kindness of the Principal the Thomaston Grammar School was made available for practice sessions. They played to full houses at the school. There were six teams with twelve or more players on each squad. They finished by playing at the High School for a benefit. The house was filled with paid admissions showing how popular they were. The director was again supported by the local citizens who, two or three to a team, undertook the coaching.

Another group calling themselves the OLD BUCS played in a league at the Rockland Recreation Center.

All in all, the philosophy has been to sponsor activities in a few areas that seemed to have the biggest needs, do it well and then when they were well launched, and supported, to expand activities.

For the year 1975-1976, the director has, with his last year's staff, laid out an expanded Summer Program. The Square Riggers' programs will be continued as will the Pee Wee Basketball for boys.

An Arts and Crafts program is planned which will include some of our local artists as instructors. It is planned that this course be more than a "finger painting" experience. There will be no expense excepting materials.

In addition, a girls' Pee Wee Basketball league is planned. Little League will be open to girls this Summer in accordance with the new League rules.

The advisory Board which has a membership of five members and one Selectman advisor has been somewhat handicapped by the loss of three members. It would be helpful if we could get three volunteers. One should preferably be a high school student.

The Director and the committee wish to take this opportunity to thank all of those who have assisted in making this program possible and successful.

Respectfully submitted,
GARY HOUTSMA, Chairman
JOHN McMAHON, Director

AUDIT REPORT

The post audit of the accounts for the 1974 fiscal year is in progress as this report is printed. Scheduling by the State Department of Audit makes it impossible to have the audit report for the current year available in time for printing. The report will be on file at the Town Office as soon as it is received and may be inspected during regular business hours. It is hoped that next year's scheduling will make the report available for printing in the Town Report.

Art. 58. To see if the Town will vote to authorize an analysis of the Sanitary sewer system in relation to surface water and infiltration sources and provide funds for same.

Recommended: Selectmen & Budget Com.	\$29,000.00
	(From Reserve)

Art. 59. To see if the Town will authorize the Selectmen, with the advice and cooperation of the U.S.A. Engineer Corps to study the feasibility of dredging Thomaston Harbor.

Art. 60. To see if the Town will vote to charge interest at the rate of $\frac{1}{2}\%$ per month or part thereof on all outstanding taxes unpaid December 5, 1975, said interest to be retroactive to September 1, 1975, with the exception of those participants who are paying taxes under the tax coupon plan, who shall be exempt from said interest charge if payments are made regularly.

Recommended:

Art. 61. To see if the Town will vote to authorize the Board of Selectmen on behalf of the Town, to sell and dispose of any real estate acquired by the Town for non-payment of taxes thereon, or otherwise, on such terms as they may deem advisable and to execute quit claim deeds for such property.

Recommended:

Art. 62. To see if the Town will vote to authorize the Selectmen to apply estimated revenue consisting of excise tax receipts and undedicated miscellaneous income to reduce the tax rate.

Recommended:

Art. 63. To see if the Town will vote to adopt the Flood Insurance Resolution as proposed by the Selectmen.

Recommended:

Art. 64. To see what action, if any, the Town will take regarding the following question, "Shall an Ordinance entitled 'Flood Hazard Building Permit Ordinance' be enacted."

Recommended:

Art. 65. To see what action, if any, the Town will take regarding the following question; "Shall an ordinance entitled 'LAND USE AND DEVELOPMENT ORDINANCE' be enacted."

Art. 66. To see if the Town of Thomaston will vote to establish a Conservation Commission as set forth in Maine Revised Statutes Annotated, Title 30, Section 3851, as amended.

Art. 67. To see if the Town will vote to adopt the following resolution or take any action with respect thereto:

WHEREAS, Section 4601-A of Title 30 of the Revised Statutes authorizes the Maine State Housing Authority to plan, develop, finance, and otherwise assist in the development of decent, safe and sanitary housing accommodations for persons or families of low income; and

WHEREAS, the Maine State Housing Authority utilizes financial assistance provided by the Federal Government in order to provide decent housing for such persons; and

WHEREAS, Section 4701 of Title 30 of the Revised Statutes provides that the Maine State Housing Authority may not enter into contracts with the Federal Government for financial assistance for such housing unless the governing body of the locality where the housing is to be located has authorized the Authority to make such agreement;

NOW, THEREFORE, be it resolved by the governing body of: THOMASTON as follows:

The Maine State Housing Authority is authorized to seek and may contract for financial assistance from the Federal Government for the purpose of providing housing for low-income persons and families in THOMASTON.

Recommended:

Art. 68. To see if the Town will vote to authorize the Selectmen to appoint a committee to study the Council-Manager form of government and its possible adoption by Thomaston. Said committee to report its findings and recommendations to a special Town Meeting to be held during August, 1975.

Art. 69. To see if the Town will vote to discontinue printing the entire taxpayer list in the town report.

The Registrar of Voters hereby gives notice that he will be at the Town Office during the week prior to the election (March 24 through March 27) for the purpose of registering new voters and correcting the list.

Given under our hands this Tenth day of March A.D. 1975.

ANNUAL REPORT
OF THE
TOWN OF
THOMASTON, MAINE
1975

COVER ACKNOWLEDGEMENT

David Hill, son of Mr. and Mrs. John W. Hill of Dunn Street, is the winner of a \$25.00 savings bond for his drawing of the scene reproduced on the cover of this Bicentennial Town Report.

David is a Freshman at Georges Valley High School and a student of Mr. Thomas Block, art instructor.

The scene was taken from a photograph of Thomaston, taken about 100 years ago, by E. C. Fernald who left an invaluable collection of local photographs taken on glass slides.

David is the great-grandson of Charles Copeland, well-known artist and illustrator in the late 19th and early 20th centuries, and a distant cousin of Fernald's.

LETTER OF TRANSMITTAL

To: The Board of Selectmen and citizens of Thomaston.

Submitted herewith is a report of the operations of your town for the fiscal year January 1, 1975 to December 31, 1975.

The data herein presented are subject to subsequent audit. The annual post audit by the State Department of Audit is in progress but may not be completed in time for use in the report. Copies of the Audit Report will be on file at the Town Office and may be examined if desired.

I wish to express my thanks to the staff, the municipal officials and the citizens for their help, advice and constructive criticism.

Respectfully submitted,
JOHN S. TAYLOR
Town Manager

TOWN MANAGER'S REPORT

Fiscal 1975 has been a year of adjustment to the changes brought about by crises in the national political community. The insecurity apparent last year has sired the "OK, let's see what can be done," attitude which seems to be emerging. This is a commendable attitude. Vigilance is necessary, however, because too often political arm-bearing leads to programs which require a great expenditure of money and in the long run produce almost negligible economic benefits.

The poet Robert Frost has written "Something there is that does not love a wall." I think we could well paraphrase this to read "Something there is that does not love our Police Department." As these comments were being prepared for 1974, Frank H. Elliott had just been appointed as Chief of Police. On the night of March 17, 1975 Chief Elliott was seriously injured in an auto accident while on routine patrol. Chief Elliott was hospitalized for several months and spent a long convalescent period at home, but results of his injuries were so severe that his performance during a trial period raised serious question as to his ability to continue in the Chief's position. It was with deep regret that his employment was terminated and in late November the position was declared vacant. Ten applicants responded to advertisements, five of whom were interviewed. Robert M. Hofacker, a former member of the Maine State Police, was chosen to fill the position, assuming the duties on January 12, 1976. Chief Hofacker brings to us long experience and much training in police work. During the absence of Chief Elliott, Sergeant George Rooker was named Acting Chief. Although inexperienced in leadership he performed creditably in the position.

Several changes in patrolmen also occurred during the year. A vacancy created by the resignation of Patrolman Ralph Sellers was filled by the appointment of Elson Johnson. Patrolman Johnson served the town well, however, early in June he tendered his resignation citing purely personal reasons. Since the department was short handed, Special Officer Geoffrey Lowe was appointed to fill the vacancy immediately. In mid July, Patrolman Herrick tendered his resignation, citing turmoil in the department and outside pressures as consideration. The department was again

at ½ strength having only the Acting Chief and one Patrolman active. Applications were again solicited. A large number of applications were received from which 7 were interviewed. Kevin Conger was chosen to fill the vacancy. Hope springs eternal as we face the new year and look forward to a stabilized police situation.

The long delayed improvement of Dexter Street was completed. Sufficient gravel was placed to shape the roadway and a hot mix surface was placed. Regular users of this street have expressed appreciation for the improvement both in rideability and safety.

The planned sub-surface drainage on lower Pine Street was installed. The work required 450 feet of 12" aluminum culvert and one catchbasin. The elevation of the catchbasin is unsatisfactory and corrective measures must be taken during 1976.

Planned work on Mechanic Street was not accomplished. Unforeseen difficulties were encountered in adapting ideas to the site. Material on order in early July was not received until early October at which time the weather was too uncertain to allow much of a start to be made. Only about 50' of pipe and one catchbasin were installed. However, the necessary material is on hand and the work is planned as early in the spring as schedules will allow.

State Aid Road funds were used to apply hot-mix surfacing to Knox Street and the Old County Road. The latter was resurfaced from U. S. Route 1 to the Thomaston-Rockland line where a similar project had terminated. Old County Road now provides a more direct route to the Penobscot Bay Medical Center. The Knox Street surfacing job strengthens the pavement, prolongs the useful life and improves the rideability of one of our major traffic carriers.

After a full year of use, the new town garage has proven a valuable capital improvement. Work benches, storage racks and some basic maintenance and repair equipment have been purchased. The cement block walls in the service area are being painted as time permits. Warm storage of the motorized equipment made starting easier and saved much time on the cold mornings which we have had this winter.

The site of the former garage was graveled and made available for parking. The cost of this work was \$613.00.

No large sewer projects were included in the public works schedule for 1975. Only one new sewer was installed to serve 3 dwellings on Fluker Street. This work consisted of installing 360 feet of 6 inch asbestos cement pipe and one manhole at a cost of \$1,733.75. \$2,800.00 was budgeted.

Much time was spent in somewhat futile attempts to improve flow in the sewer on West Main Street. It appears that there are serious difficulties with this line and a major renovation may be necessary in the next few years.

Late in the fall it was reported that there was trouble with the interceptor sewer which follows the railroad bed in back of the prison. This line was found to be plugged with rags and debris. This is a difficult line to service since all equipment must be hand carried to the site. The crew was involved here for three days. At a meeting of representatives from the D.E.P., Town of Thomaston and Maine State Prison the situation was discussed and remedial measures outlined which should preclude another such situation.

The sewer study authorized at the 1975 annual meeting has been started by the firm of Wright & Pierce. Studies of records have been made as have dry weather flow readings. Wet weather flow readings will be taken early in the spring of 1976. The report should be completed by mid-summer.

Public water for Brooklyn Heights, the subject of a \$14,000.00 appropriation at the annual meeting of 1975 ran into a serious wall block in the form of ledge. An additional \$11,000.00 was requested at a special town meeting but was turned down by the voters. The above mentioned cost was for 1700 feet of 8 inch line. A need for fire protection and service beyond the terminus of the 1700 foot extension was voiced at the special meeting. The entire route was explored and an estimate given for 2600 feet of 8 inch line with a hydrant located 500 feet north from the Cushing-Thomaston town line. The total cost of this extension would be \$42,750.00. An advance by the town of \$38,034.00 would be required. No action is planned on this extension pending a clarification of an I.R.S. ruling which appears to make such advances a part of gross income to the utility and as such taxable. If the ruling is as it appears, the cost of water main extensions such as that proposed will be greatly increased.

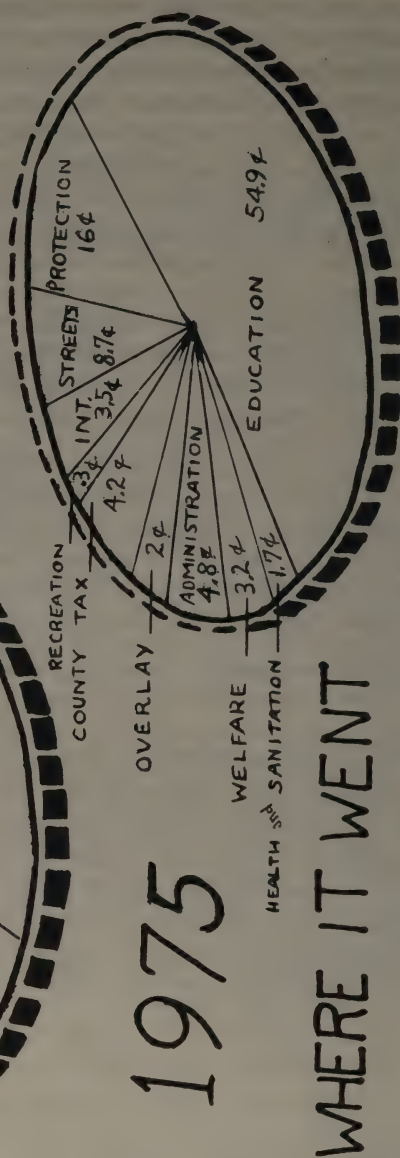

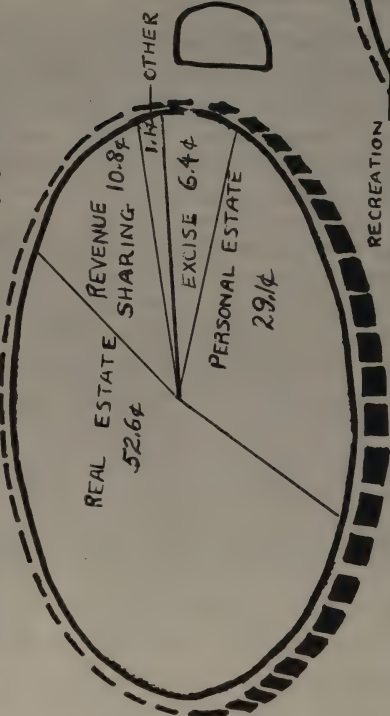

The problems of solid waste disposal remains with us and will probably continue to be a thorn in our collective flesh. Early in the winter your selectmen were advised that a private interest had been given an option to purchase the property presently being used jointly with Rockland as a dump. This interest also subleased the property. A plan was presented whereby the interest would operate a disposal project. The estimated cost of this operation was \$9.00 - \$12.00 per residential user. At a meeting of representatives of 4 municipalities using the dump it was decided to authorize a study to determine the feasibility of continued use of the present site, if there were other sites which could be used, and to gather data to be used in further planning. The cost of this study is to be divided on the same basis as the charges for use of the dump. No report has yet been forthcoming.

Dredging of the inner harbor has been mentioned from time to time. The matter was discussed with a representative of the Army Engineer Corps. It appears that there would be little federal aid available, that disposal of the spoil would pose a problem and the improvement gained would not justify the expenditure required. A channel improvement project has been approved.

Early in our nation's history our government leaders perceived that "the price of liberty is eternal vigilance." This is still true today. If we believe in strong local government and want to maintain it, now more than ever citizens must be active and alert. Local government control has been and is increasingly under pressure from various forces seeking regionalization or actual take over of functions by County and State agencies. Townspeople must be aware of what their legislators at the state level are proposing and express their opinions on issues. Today, participation in local government is not enough. Today's citizens must provide input to the legislative process at all levels if they are to protect their rights.

WHERE IT CAME FROM

YOUR TAX DOLLAR

1975

WHERE IT WENT

ASSESSORS' NOTICE

The Assessors of the Town of Thomaston hereby give notice to all persons liable to taxation in said town that they will be in session at the Town Office in said town, on Tuesday, Wednesday and Thursday, April 6, 7, and 8, at seven o'clock in the evening for the purpose of receiving lists of the polls and estates taxable in said town.

All such persons are hereby notified to make and bring to said Assessors true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, which they were possessed of, or which they held as guardian, executor, administrator, trustee or otherwise, on the first day of April, 1976, and be prepared to make oath to the truth of the same.

When estates of persons deceased have been divided during the past year, or have changed hands from any cause, the executor, administrator, or other persons interested, are hereby warned to give notice of such change and in default of such notice will be held under the law to pay the tax assessed although such estate has been wholly distributed and paid over.

Any person who neglects to comply with this notice will be DOOMED to a tax according to the laws of the State and be barred of the right to make application to the Assessors or County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time hereby appointed.

NOTICE TO VETERANS AND BLIND PERSONS DESIRING EXEMPTIONS

No exemptions on polls and estates shall be allowed in favor of any person who is not a legal resident of the State; provided that any male or female veteran, or blind person, who desires to secure exemption shall, on or before the first day of April, notify in writing the assessors of the cities, towns and plantations in which he or she resides, and furnish proof of entitlement. Such notification once made need not be repeated in subsequent years.

MRSA 1964 - Title 36, Sections 653, 654 as amended.

REPORT OF THE POLICE CHIEF

To the Town Manager, Selectmen and Citizens of Thomaston, Maine.

The year 1975 was a very active one for your Police Department.

You are all aware of the very unfortunate accident of Chief Frank Elliot in March 1975. As a result of the accident, the department was without a Chief for seven months. Due to the absence of the Chief, the remaining three officers were forced to work twelve to fourteen hours per day.

I was appointed your new Chief of Police and began my duties January 12, 1976. I proudly accepted the appointment, and will do my best to improve the department. I hope to increase the number of the special force and have requested money to up-date the department. The Department needs office equipment and police equipment badly to function properly.

In closing, I wish to thank all those who assisted the department during the past year.

Following is a summary of activities for 1975.

CALLS:		ARRESTS:	
Transports	12	False Info.	1
Felony Calls	11	Felony	4
Unattended Death	2	Motor Vehicle	45
Motor Vehicle	138	Oral Threat	1
Disorderly Conduct	10	Assault on P.O.	1
Larceny	89	Larceny	1
Malic. Mischief	90	Liquor Violation	2
B. E. & L.	20		
Assault & Batt.	24		
Oral Threat	1		
Asst. Other Depts.	62		
Civil Complaints	79		
Prowlers	13		
Alarms	33		
Missing Persons	27		

Other Police Department Activities:

Parking Tickets Issued

110

Defect Tickets Issued	339
Stolen Cars Recovered	6
Doors Found Unlocked	32
Dog Complaints	89
Accidents Investigated:	
Personal Injury	14
Property Damage	71
Fatal Accidents	0
Pedestrian Accidents	0

Court Appearances:

Guilty	38
Not Guilty	3
Dismissed	14

Respectfully submitted,
ROBERT M. HOFACKER
Chief of Police

REPORT OF THE FIRE CHIEF

To the Town Manager, Board of Selectmen, and Citizens of Thomaston:

It is my pleasure to present to you, the Report of the Fire Department for the period ending December 31, 1975.

During the period from January 1, 1975 to December 31, 1975, the Department responded to a total of 44 calls. They are as follows: Buildings (structural) 2; Chimneys 8; Buildings (non structural) 4; Grass 2; Mutual Aid 3; Out of Town 1; Automobile 8; Woods 1; MSP 1; Oil Burners 4; Electrical 2; Campers 1; Emergency 3; Miscellaneous 2; Smoke Investigations 2.

The Department participated in its annual Auction this year. A Beano game was also sponsored. Monies from these supported the following: Scholarships, Christmas Baskets; Fireman's Aid (lost house from fire); GVHS Soccer Team; Department Picnic; PA System for Station, Blackboard for Station, Flags for Flagpole on Station, Christmas Tree on Station and Decorations.

We added 750 feet of 2½" hose to our inventory. Protective clothing conforming to OSHA standards was also purchased. An inspection of the State Safety Standards Act was conducted this year. Most of the requirements have been taken care of. The remainder will be taken care of shortly after Town Meeting of 1976.

The newest Service to our System is the Ambulance Service. Although it will not start until Spring, the necessary equipment has been installed to take over the dispatching of this new service.

The dispatching service that is being carried out in the Station has produced a lot more activity at the Station. The System has been refined over the past year. A lot of this can be attributed to two fine gentlemen, - Chief Frank Elliot, and Chief Robert Hofacker of the Police Department. The rest of the success can only be attributed to the fine relationship between men of both departments.

There is a slight increase in the Budget for this year. This is due primarily to three items: Complying to Minimum Wage Standards for Dispatchers; Station roof repair (after 21 years); and additional fuel costs (consumption was 1000 gallons less than 1974).

Listings for telephones in the Station are as follows:

FIRE 354-2424

AMBULANCE 354-2210

POLICE 354-2511

FIRE DEPT. BUSINESS 354-6345

Please be reminded that Permits must still be obtained before any outside burning is done. At this writing, it is still permissible to do outside burning.

In concluding this report, I would like to thank all those who aided the Department this past year.

Respectfully submitted,
GEORGE G. GRAFTON
Fire Chief

REPORT OF LIBRARY TRUSTEES

The Thomaston Library Trustees held their quarterly meetings with a good attendance. We held our meetings in the months of January, April, July and October.

Election of officers was held April 4, 1975 with the following being elected: President Bowdoin Grafton, Vice President Percy Williams, Secretary Warren Everett. Financial Committee - Bowdoin Grafton, Percy Williams, Richard Ervin and Warren Everett. Room Committee - Margaret Stone, Lloyd Beckett, William Vinal and Richard Simoneau. The Book Committee - Trustees, Elizabeth Shesler, Margaret Stone and Rebecca Robinson. Book Committee at large for one year Lafayette French and Forest Grafton. Members for two years are Thelma Everett and Robert Stackpole. Members for three years are Mrs. Lester Adams and Mrs. Francis Tillson.

Elizabeth Shesler, Richard Ervin and Warren Everett were recommended to be re-appointed for another three year term.

We feel that the patrons of our Library are enjoying the effort made in the construction of new shelves for the Paper-back books and also the metal double facing shelves in our Adult room. We wish more adults would use this room.

The results are excellent from the purchasing of the new floor machine. A great deal of credit goes to our maintenance man, Rev. Joseph Brown.

We are again appreciative to our Librarians, Mrs. Horace Keizer and Mrs. Richard Hastings, our Assistant Librarian for the splendid job they are doing. Our part time helpers are also appreciated. This year Mrs. Oscar Burton, Miss Ethel Upham, Mrs. Roy Philbrook and Miss Brenda Sylvester assisted as part time workers.

Let's make this another good year of reading from our Library as our book selection is very good. We try hard to meet the taste of all readers and reach readers of all age. We not only have a good selection of books but also the daily papers and weekly and monthly magazines are available. Our selection of Maine books is growing too.

The Library is open each Monday, Wednesday, Thursday and Saturday. The hours are two in the afternoon until eight at night, except Saturday when the Library closes at five P.M.

Respectfully submitted,
BOWDOIN GRAFTON, Pres.
WARREN EVERETT, Sec.

New cards issued	147
Total number of active borrowers	1,290

Interest in the Bicentennial and genealogy brought many people to the Library for research. Students find our reference books and periodicals very useful. We have the Readers' Guide to periodical literature and keep several periodicals on file for five years.

The two Sub Primary classes, with their teacher, Mrs. Priscilla Crockett, visited the Library on Thursday, May 15, for instructions in borrowing books from the Library and Story Hours. The children received applications for library cards.

On alternate Thursdays Grade 4, with their teacher, Mrs. Daphne Williams, visited the Library, making it possible for the bus students to borrow books and all of the students to learn how to use the card catalog and locate desired books.

During the year we had Story Hours for children. To celebrate National Children's Book Week, November 17-23, the children had a special treat; Mr. Nathan King came to the Library on Saturday, November 22, and showed several films.

The interesting displays in our windows were by Grammar School students and other talented people. The beautiful floral arrangements were provided by members of the Thomaston Garden Club and other friends. The Garden Club donated the Christmas wreaths and members of the Club decorated the windows for the Christmas season. The Pre School group brought and decorated the Christmas tree for the children's corner.

Mrs. Marilyn Hastings, Assistant Librarian, and I attended the Maine Library Association Conference at the Treadway-Samoset, May 1-2. The speakers and meetings were very interesting and informative.

Part-time workers at the Library this year were Mrs. Clara Burton, Mrs. Louise Philbrook, Miss Ethel Upham, and Miss Brenda Sylvester.

I would like to express my sincere thanks and appreciation to everyone who gave so generously of time and talents, helping us make the Library an attractive and serviceable part of the community.

Respectfully submitted,
INA C. KEIZER
Librarian

REPORT OF THE BUILDING INSPECTOR

Permits for all types of construction issued in 1975 amounted to \$313,330.00. This is a substantial reduction from \$1,741,544.00 issued in 1974. Permits in all categories were less than in 1974.

Single Family Dwellings	12	\$248,000.00
Multiple Family Dwellings	0	0
Commercial	4	10,890.00
Other	13	54,440.00

Single family construction cost estimated ran from a low of \$10,000.00 to a high of \$32,000.00, with an average of \$20,666.00. It appears that our building industry fell prey to a sagging economy and a slowdown on grants of federal funds.

The following comparison of the value of permits for 1974 and 1975 presents the picture more clearly. The figures are presented without titles but follow the listing above:

1975	1974
12 @ \$248,000.00	23 @ \$ 545,284.00
0 0	8 @ 1,070,000.00
4 @ 10,890.00	5 @ 113,260.00
13 @ 54,440.00	7 @ 13,000.00

Permits are required for all construction and most alterations and may be obtained at the Town Office.

Respectfully submitted,
JOHN TAYLOR
Building Inspector

REPORT OF PLUMBING INSPECTOR

For the first full year of local inspection the following permits were issued:

Internal Plumbing	46
Sewage Disposal	<u>4</u>
Total Issued	50
Total Approved	46
Total Pending	4
Total fees collected	\$644.40
Total Sent to State	<u>212.68</u>
Total Retained by town	431.72

Any person doing plumbing must obtain a permit. If work is started without a permit a double fee will be charged. On a large job this is a substantial penalty. Whatever the job, internal plumbing, heating or septic tank installation, check the regulations and follow them.

Respectfully submitted,
BOWDOIN L. GRAFTON
Local Plumbing Inspector

REPORT OF THOMASTON PLANNING BOARD

The Thomaston Planning Board has held Fourteen Meetings since the last Annual Town Meeting.

The Board with Bowdoin L. Grafton serving as Chairman, along with the Town Manager John S. Taylor have been working with the New Ordinances adopted in 1975, namely; corrections in spelling, additions and deletions if the Subject is already covered by the Maine State Ordinances.

In October the Board met with the Messrs. Farnsworth and Lynch, members of the Staff of the Eastern Mid-Coast Regional Planning Commission.

Regular business brought before the Board by individuals and developers was attended to throughout the year.

TREE CARE REPORT

Work done by Goodridge Tree Service:

48 Elms removed

23 Elms pruned

2 Maples removed

54 Maples pruned

All elms were sprayed for aphids, flea beetles etc.

16 trees of various species were planted

Work done by Country Squire Tree Service:

20 Elms removed

REPORT OF RECREATION PROGRAM

The Summer recreation program was given over a period of eight weeks. During this time the part-time director, John McMahon was engaged full-time in directing the program. He had as assistants, Karen Panton and Tracy Lillienthal, both of whom were funded by the town. Karl Hendrickson, Alan Wotton, and Mark Barbour assisted as well. They were funded through the agency of the University of Maine College Work Study Program. Three additional young people were hired with C.E.T.A. funds.

The number of persons engaged in the program was necessary because of the spread in children's ages and the diversity of programs. On the school grounds there was a daily supervised series of programs of the playground variety. Added to these basic activities was a swimming program which was directed by the Red Cross. A total of sixty children and young adults participated in this program. On the playground, the number of children varied between 25 and 65. There were also two picnic trips to Popham Beach. These trips were very popular.

The Summer Program also involved the use of a school bus and a driver. The primary use of the bus was for the purpose of transportation to Ayer Park in Union, the site of the Swimming Program. The use of Chickawaukie was denied us this year because of the expanded program in Rockland.

The Square Riggers, a group of our older citizens enjoyed a foliage trip to Bar Harbor. A shortage of funding led to the canceling of the Spring trip to the Horticultural display in Boston.

The Boys' Pee Wee League enjoyed the biggest season yet. There were eight teams in the league and they played at the Grammar School. This was an increase of two over last year. The team sponsored by the Fire Department won the League. An entry was made of an All Star Team into the Rockland League but they were washed out in the semi-finals.

An innovation this year is the Girls' Pee Wee League. This is planned for four weeks with 60 girls already enrolled. Next year it is hoped that this pilot effort can be expanded to a full eight weeks as the boys now enjoy.

Respectfully submitted,
GARY HOUTSMA
Recreation Committee

REPORT OF THE THOMASTON HISTORICAL SOCIETY

A supporting membership of 216 persons interested in Thomaston has placed the Thomaston Historical Society in the forefront with contemporary regional societies.

In the past year frequent lecture-workshops under the guidance of Marius B. Péladeau, Project Director of the Maine League of Historical Societies and Museum, has brought together coastal historical societies in a working relationship and at the same time, has provided societies with the know-how in the preservation and storage of valuable items in local historical museums.

Through the efforts of the Bicentennial Committee, appointed by the Historical Society, Thomaston was recognized as a Bicentennial Town on the 26th of July 1975. The Maine Central Railroad sent their new diesel locomotive, "The General Knox" for these commemorative ceremonies held at the Knox Building, at which time the Bicentennial Flag was presented to the Town.

The Historical Society offered for sale in September 1975, a Bicentennial commemorative bottle struck by the Clevenger Brothers Glass Works of Clayton, New Jersey. This scroll-shaped, amethyst-colored bottle carries the Historical Society Seal and the bust of Major General Henry Knox.

In June, the Society will make available to the public its Bicentennial publication "Tall Ships, White Houses, and Elms," a photographic tour of Thomaston from 1870 to 1900.

Along with other civic organizations in Thomaston, the Bicentennial Committee of the Historical Society has been instrumental in bringing before the townspeople a workable program in the replanting of trees throughout the community.

Respectfully submitted,
THE THOMASTON HISTORICAL
SOCIETY

Lois A. Schroeder, Secretary
1972-76

PENOBSCOT BAY MEDICAL CENTER

January 26, 1976

The mid-coast area's first regional health facility opened on October 5, 1975 at Penobscot Bay Medical Center. It combines such services as acute hospital care, psychiatric care, extensive outpatient and emergency departments, the Ambulatory Care Unit and Family Planning Services.

Of interest to the residents of Thomaston will be the following figures for the period October 5 - December 31.

81 residents were admitted for treatment.

163 residents were enrolled in the Ambulatory Care Program.

37 residents have used the Family Planning Services.

43 residents were employed by PBMC.

The staff and Board of Trustees of Penobscot Bay Medical Center welcome any constructive criticism which will assist them in rendering the finest level of medical care to residents of the area. Trustees residing in Thomaston who will welcome your comments are: C. Gary Houtsma and Mrs. Forest W. Stone.

AUDITOR'S REPORT

March 2, 1976

Board of Selectmen
Thomaston
Maine 04861

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, as amended, an audit has been conducted of the financial records of the Town of Thomaston for the year ended December 31, 1975.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Within the scope of the examination, the financial transactions were appropriately handled, with such exceptions as may be noted in the accompanying commentary.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at December 31, 1975, and the results of its operations for the period indicated.

Respectfully submitted,
R. M. RIDEOUT, JR.
State Auditor

RMRJr:lsg

SCOPE OF AUDIT

The system of internal control was reviewed as it pertained to the handling of cash and other matters of financial concern. Cash accounts were verified by reconciliation of bank statements and/or by direct confirmation.

An analysis was made of receipts and deposits as well as disbursements and bank charges. Vouchers, payrolls and canceled checks were examined as a selective basis. Letters of confirmation were used on a test basis to determine the correctness of recorded assets and liabilities.

Revenue accruing to the municipality from various sources was checked to pertinent records. Federal revenue sharing, debt, sewer construction, reserve and trust fund transactions were checked. Town meeting records were checked for matters pertaining to financial activity. Surety bond and insurance coverages were determined.

COMMENTS

DEPARTMENTAL OPERATIONS

The fiscal year's operations showed that a net unexpended departmental balance of \$67,830.50 was lapsed to unappropriated surplus, per the following summary:

Departmental Accounts:	
Unexpended Balances	\$76,659.09
Overdrafts	<u>8,828.59</u>
Net Unexpended Balance	<u>\$67,830.50</u>

The overlay, unallocated excise tax revenue and unexpended balances in the police department, winter roads, sidewalks and general welfare less abatements and overdrafts in the sewer maintenance and interest accounts were the major factors contributing to the amount lapsed to surplus. The records did not indicate that authority had been granted by the legislative body to allow overdrafts in the appropriation accounts.

* * * * *

The following comments pertain to the accompanying financial statements:

ASSETS The cash balance of \$129,305.61 at December 31, 1975 included general and petty cash accounts. The bank balance used in reconciling this amount was confirmed by the depository. Petty cash was counted.

Accounts receivable totaling \$2,968.92 at the year end consisted principally of expenditures made for welfare recipients and for sewer charges.

Taxes receivable totaled \$74,788.45 at December 31, 1975. Of this amount \$65,161.48 was for current year accounts and the remaining balance of \$9,626.97 was for delinquent accounts dating from 1971. Tax liens and tax acquired property amounted to \$18,859.55 and \$3,798.34 respectively.

Expenditures made for the C.E.T.A. Program were set up as deferred charges pending further financial activity.

LIABILITIES, RESERVES AND SURPLUS General fund liabilities consisted principally of tax overpayments and amounts due state agencies.

Unexpended departmental balances totaling \$84,077.98 are carried forward to the ensuing year in accordance with legal requirements and/or voter authorization.

The excess of state revenue sharing funds over estimated totaling \$3,615.46 were carried forward to be applied toward the 1976 tax commitment.

Unappropriated federal revenue sharing funds of \$21,188.01 were available at January 1, 1975. Entitlement payments for the year amounted to \$81,342.00. Interest earnings of \$826.69 were credited to the fund. Appropriated federal revenue sharing funds of \$76,225.00 were transferred to the town's operating account for social services, public transportation, environmental protection and recreational purposes. Unappropriated funds at December 31, 1975 amounted to \$27,131.70 and had not been invested at audit date.

Unappropriated surplus amounted to \$111,983.19, an increase of \$11,740.83 for the year. This change was occasioned principally

by the net departmental balance lapsed less the voter authorized transfers and tax abatements.

DEBT FUND The debt fund, incorporated in the balance sheet as a separate fund, reflects various purpose serial notes of \$30,000.00 and sewer construction bonds of \$120,000.00 which mature during the ensuing twelve years.

The sewer construction account showed a federal allocation of \$30,100.00 and investment income of \$6,738.74 for the year. Disbursements for the same period included a voter authorized transfer of \$29,000.00 and a transfer of funds due the general fund. The fund balance was \$171,818.96 at December 31, 1975 and was on deposit in various banks.

TRUST AND RESERVE FUNDS Trust funds totaling \$493,234.89 at December 31, 1975 represented principal accounts of \$297,221.96, unexpended income of \$119,681.49 and a net gain of \$76,331.44 on security transactions. These funds are invested in various type securities and/or deposits in the Maine National Bank, Thomaston, Maine.

With the exception of \$1,000.00 invested in securities the various reserve funds were on deposit in the Heritage Savings Bank, Rockland, Maine at December 31, 1975.

GENERAL Excise tax revenue and estimated revenue of \$40,000.00 and \$6,400.00 respectively were used to reduce the tax levy as authorized by the voters. Transfers of \$59,258.74 from surplus and allocation of federal revenue sharing funds of \$76,225.00 were also voter authorized. State revenue sharing funds in the amount of \$20,000.00 were used to reduce the tax levy.

RECOMMENDATIONS The following recommendations are believed worthy of consideration:

Property acquired by nonpayment of taxes should be reviewed and appropriate action taken to liquidate same.

It is suggested that a review be made of the delinquent tax accounts to determine their collectibility and administrative action be taken accordingly.
